

SUPPORT FOR F-SECURE® LINUX SERVER SECURITY 5.54 ENDING

Support for F-Secure Linux Server Security, version 5.54 will come to an end on 31st May 2009, after which we cannot guarantee the functionality of the product. Please note also that support for versions earlier than 5.54 is not covered any further.

The replacing product version is:

- F-Secure Linux Security 7.02, server edition

Information security threats are widespread and becoming more complex all the time. We continuously develop our products to better respond against these new threats. Our newest product versions introduce many advanced features like protection against spyware and rootkits. We cannot guarantee an adequate level of protection for customers using older product versions.

An up-to-date list of supported products by F-Secure is available at:
http://www.f-secure.com/en_EMEA/products/business/supported-products/

Best Regards,
F-Secure Corporation
