# TOMORROW'S SECURITY,
## DELIVERED TODAY.

**Cyber security never stops. New attackers, tactics, and threats emerge every day. Hackers will never stop discovering and deploying new ways to breach your defenses.**

It means you can't afford to slow down either – you don't want to be an easy target. This is what makes cyber security so endlessly interesting and ruthlessly challenging all at once.

We are driven by that challenge.

F-Secure works tirelessly to stay one step ahead of the opposition. We know cyber security – and we are relentless.

Don't just take our word for it. In recognition of our success, we have won the prestigious 'Best Protection' award from AV-Test multiple years in a row. It is just one of the many proof points demonstrating that we deliver the best possible security now and in the future.

# CONFIDENCE THROUGH SECURITY

**Protection Service for Business is the best, most comprehensive endpoint protection package on the market, designed from the ground up to solve your challenging business security needs.**

It protects all your endpoints, from Windows and Mac to mobile devices, against threats like ransomware, data breaches and 0-day attacks, without requiring significant maintenance or management overhead.

Protection Service for Business is the only unified multi-endpoint security solution that comes with integrated Patch Management, Mobile Device Management, and a Password Manager.

We are proven to provide superior and more consistent protection than our competitors, as verified by independent security experts. Thanks to our pioneering security technologies, such as real-time threat intelligence and advanced machine learning algorithms, we are always one step ahead of the attackers.

# GET MORE. DO LESS.

## Better protection

**Get the best endpoint security solution on the market. Merging your endpoint security into one unified package nets you better, broader, and more cost-efficient protection.**

"We were looking for a holistic and simple approach to endpoint security and patch management and F-Secure came out not only the most cost-effective, but had the best pre-sales experience by far…"

**Andrew Williams, Infrastructure Engineer, Myers Group**

## Easy set-up

**Cloud-based management, scalable deployment, and automatic removal of old security software makes deployment painless. AV-Comparatives found our endpoint installation "no more complicated than installing iTunes."**

"It's click and go! Easy to use and was pretty quick to install…"

**Mark Short, Senior Technologist, Howarth Litchfield**

## Less overhead

**Save time and money with simplified security management, automatic client and database updates, and automated patch management.**

"We're really pleased with F-Secure's PSB… the online management portal is great – I can see and manage everything in one place."

**Andrew Garton, Systems Administrator, Spaldings UK**

# TECHNICAL SUPERIORITY

## No servers needed
No need to invest in server hardware, software, or maintenance – all you need to manage your endpoint security is a browser.

## No need for IT security expertise
Designed to work without IT security expertise for cost efficient administration, freeing security experts and administrators to focus on more challenging and valuable tasks.

## Seamless SIEM/RMM installation
Can be used as part of a larger security ecosystem, managed via a Security Information and Event Management (SIEM) solution or Remote Monitoring and Management (RMM).

## Superior Protection
As the only cyber security vendor to win the 'Best Protection' award from AV-Test five times since 2011, we can be trusted to deliver the best security, now and in the future.

## Pioneering Technologies
Build on multiple complementary layers of pioneering security technologies, including heuristic analysis, advanced machine learning, and real-time threat intelligence.
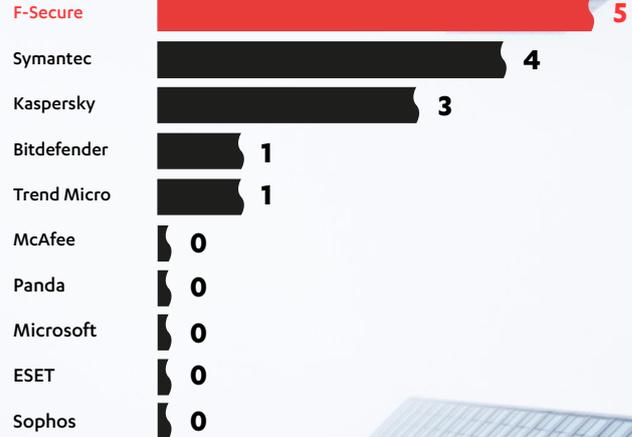

# BEST ENDPOINT PROTECTION

**In cyber security, consistent results are a sure sign of success. You need solutions from an experienced vendor that you can trust to protect your business for many years, not just today.**

F-Secure is the only vendor to have won the prestigious 'Best Protection' award from AV-Test five times since its inception in 2011. This proven consistency is your guarantee that we deliver the best possible security, now and in the future.

"To pass every certification test in 2016 with nearly 100% protection is an excellent achievement. We are rewarding this achievement with the Best Protection 2016 award."

**Maik Morgenstern,** **CTO, AV-TEST**
